

BRETT

"Oh f___! A shark!"

"Dude, fresh powder up at Loveland! Let's carve some double blacks and chew up those ski-school kooks while we're at it."

"Whoa. That edible is totally kicking in now. Things are getting real vivid, brah... Like, the Rocky Mountains are breathing. Hey, no narc'ing me out to the ski patrol, okay?"

"Major bummer, dudette. Sorry about your boyfriend, but he shouldn't have cut me off in the mirror maze. My jaws gotta eat. Sweet hat, though."

"Grabbing tacos on Federal? Get me a dozen fish tacos smothered in green chile. Keep it fresh, dude. Yeah, I know we're landlocked, but just, like, do what you can."

"Buen día! I'm Elder Hartley! We'd love to share a short message. Oh, okay, have a nice day!"

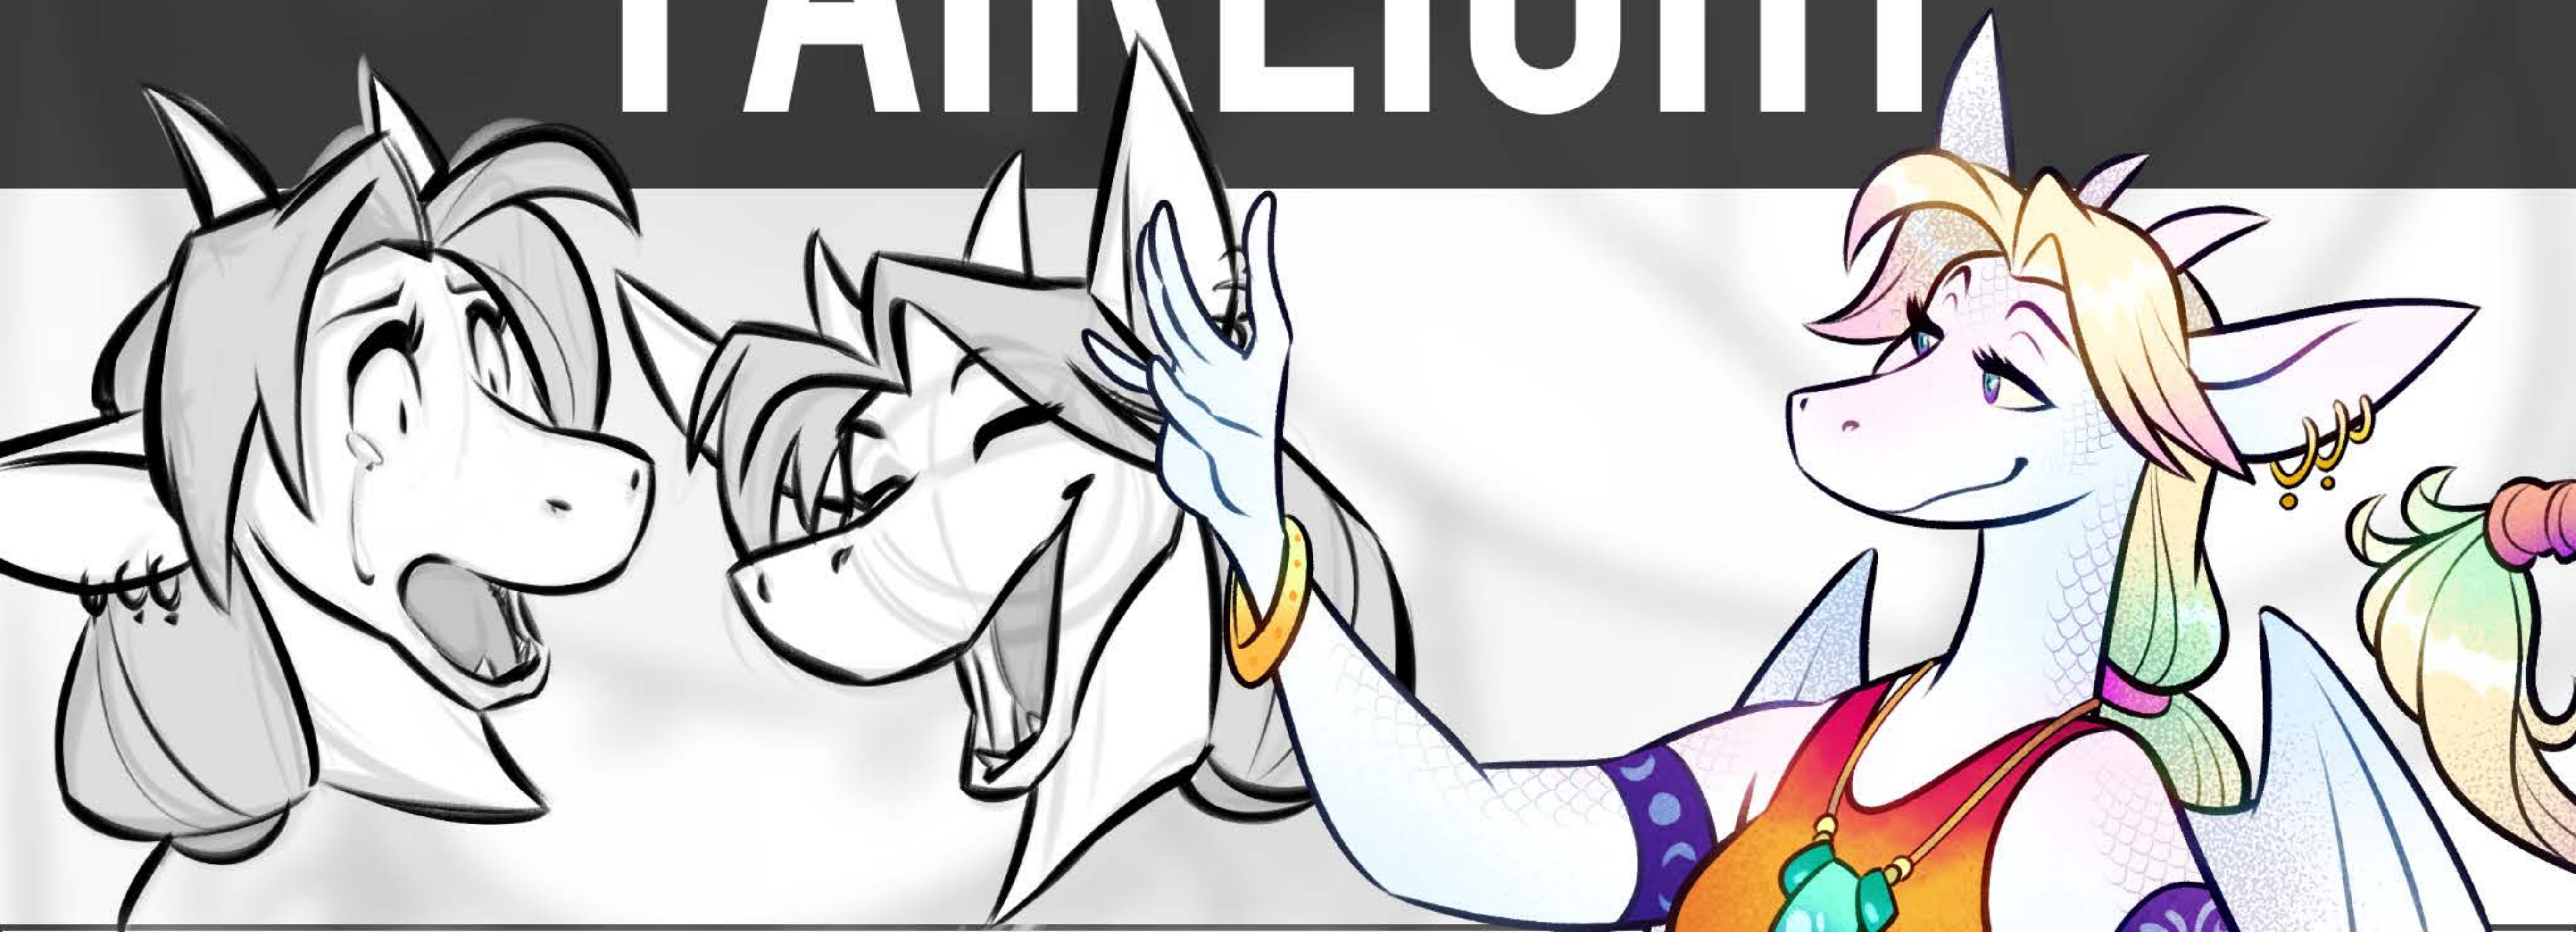

"In Spanish, if you throw a subordinate verbal clause into the subjunctive mood, it changes the meaning. It's so useful! I don't know why they don't teach it!"

"Nice confidence, Elder! One little issue, though. You just told them that you're pregnant."

"Technically, caffeine is permitted. The original text bans 'hot drinks,' restricts eating meat to Wintertime, and allows mild alcohol if we make it. It's all a bit messy."

"What? No! Elder, for the last time, we are not going to Carnaval! Nocturne or otherwise!"

FAIRLIGHT

"May the sun shine brightly on you!"

"I love carnivals! They're good for the aura and bring so much community spirit. Though--I've never seen one this dark."

"Excuse me! Hello! Hi, I'm so sorry to bother, I just needed to ask, are these funnel cakes farm-to-table?"

"Foraging is so much easier barefoot. I've found so much fresh orache hiding between my toes wandering the Western Slope. Oh, there's something now! Used gum."

"Oh, I'm so sorry, but I can't be here a minute longer! I--I have wild lavender I need to dry!"

FATHOM

"For the sea!"

"The Skaraks have gone too far this time. We will gut them like sea cucumbers and feed their entrails to our hatchlings!"

"Was that an insult? Weight means little in the currents, land-dweller. We don't have those kinds of scales."

"Yes, I was staring. I'm sorry, I don't mean to offend. It's just that in the deep, nothing shines the way you do."

"What is this? My throat is dry as sand, and I can barely breath this air! Why didn't you warn me of Denver's defenses? Get me to sea level now! "

GALLO

"Cock-a-doodle-doo!"

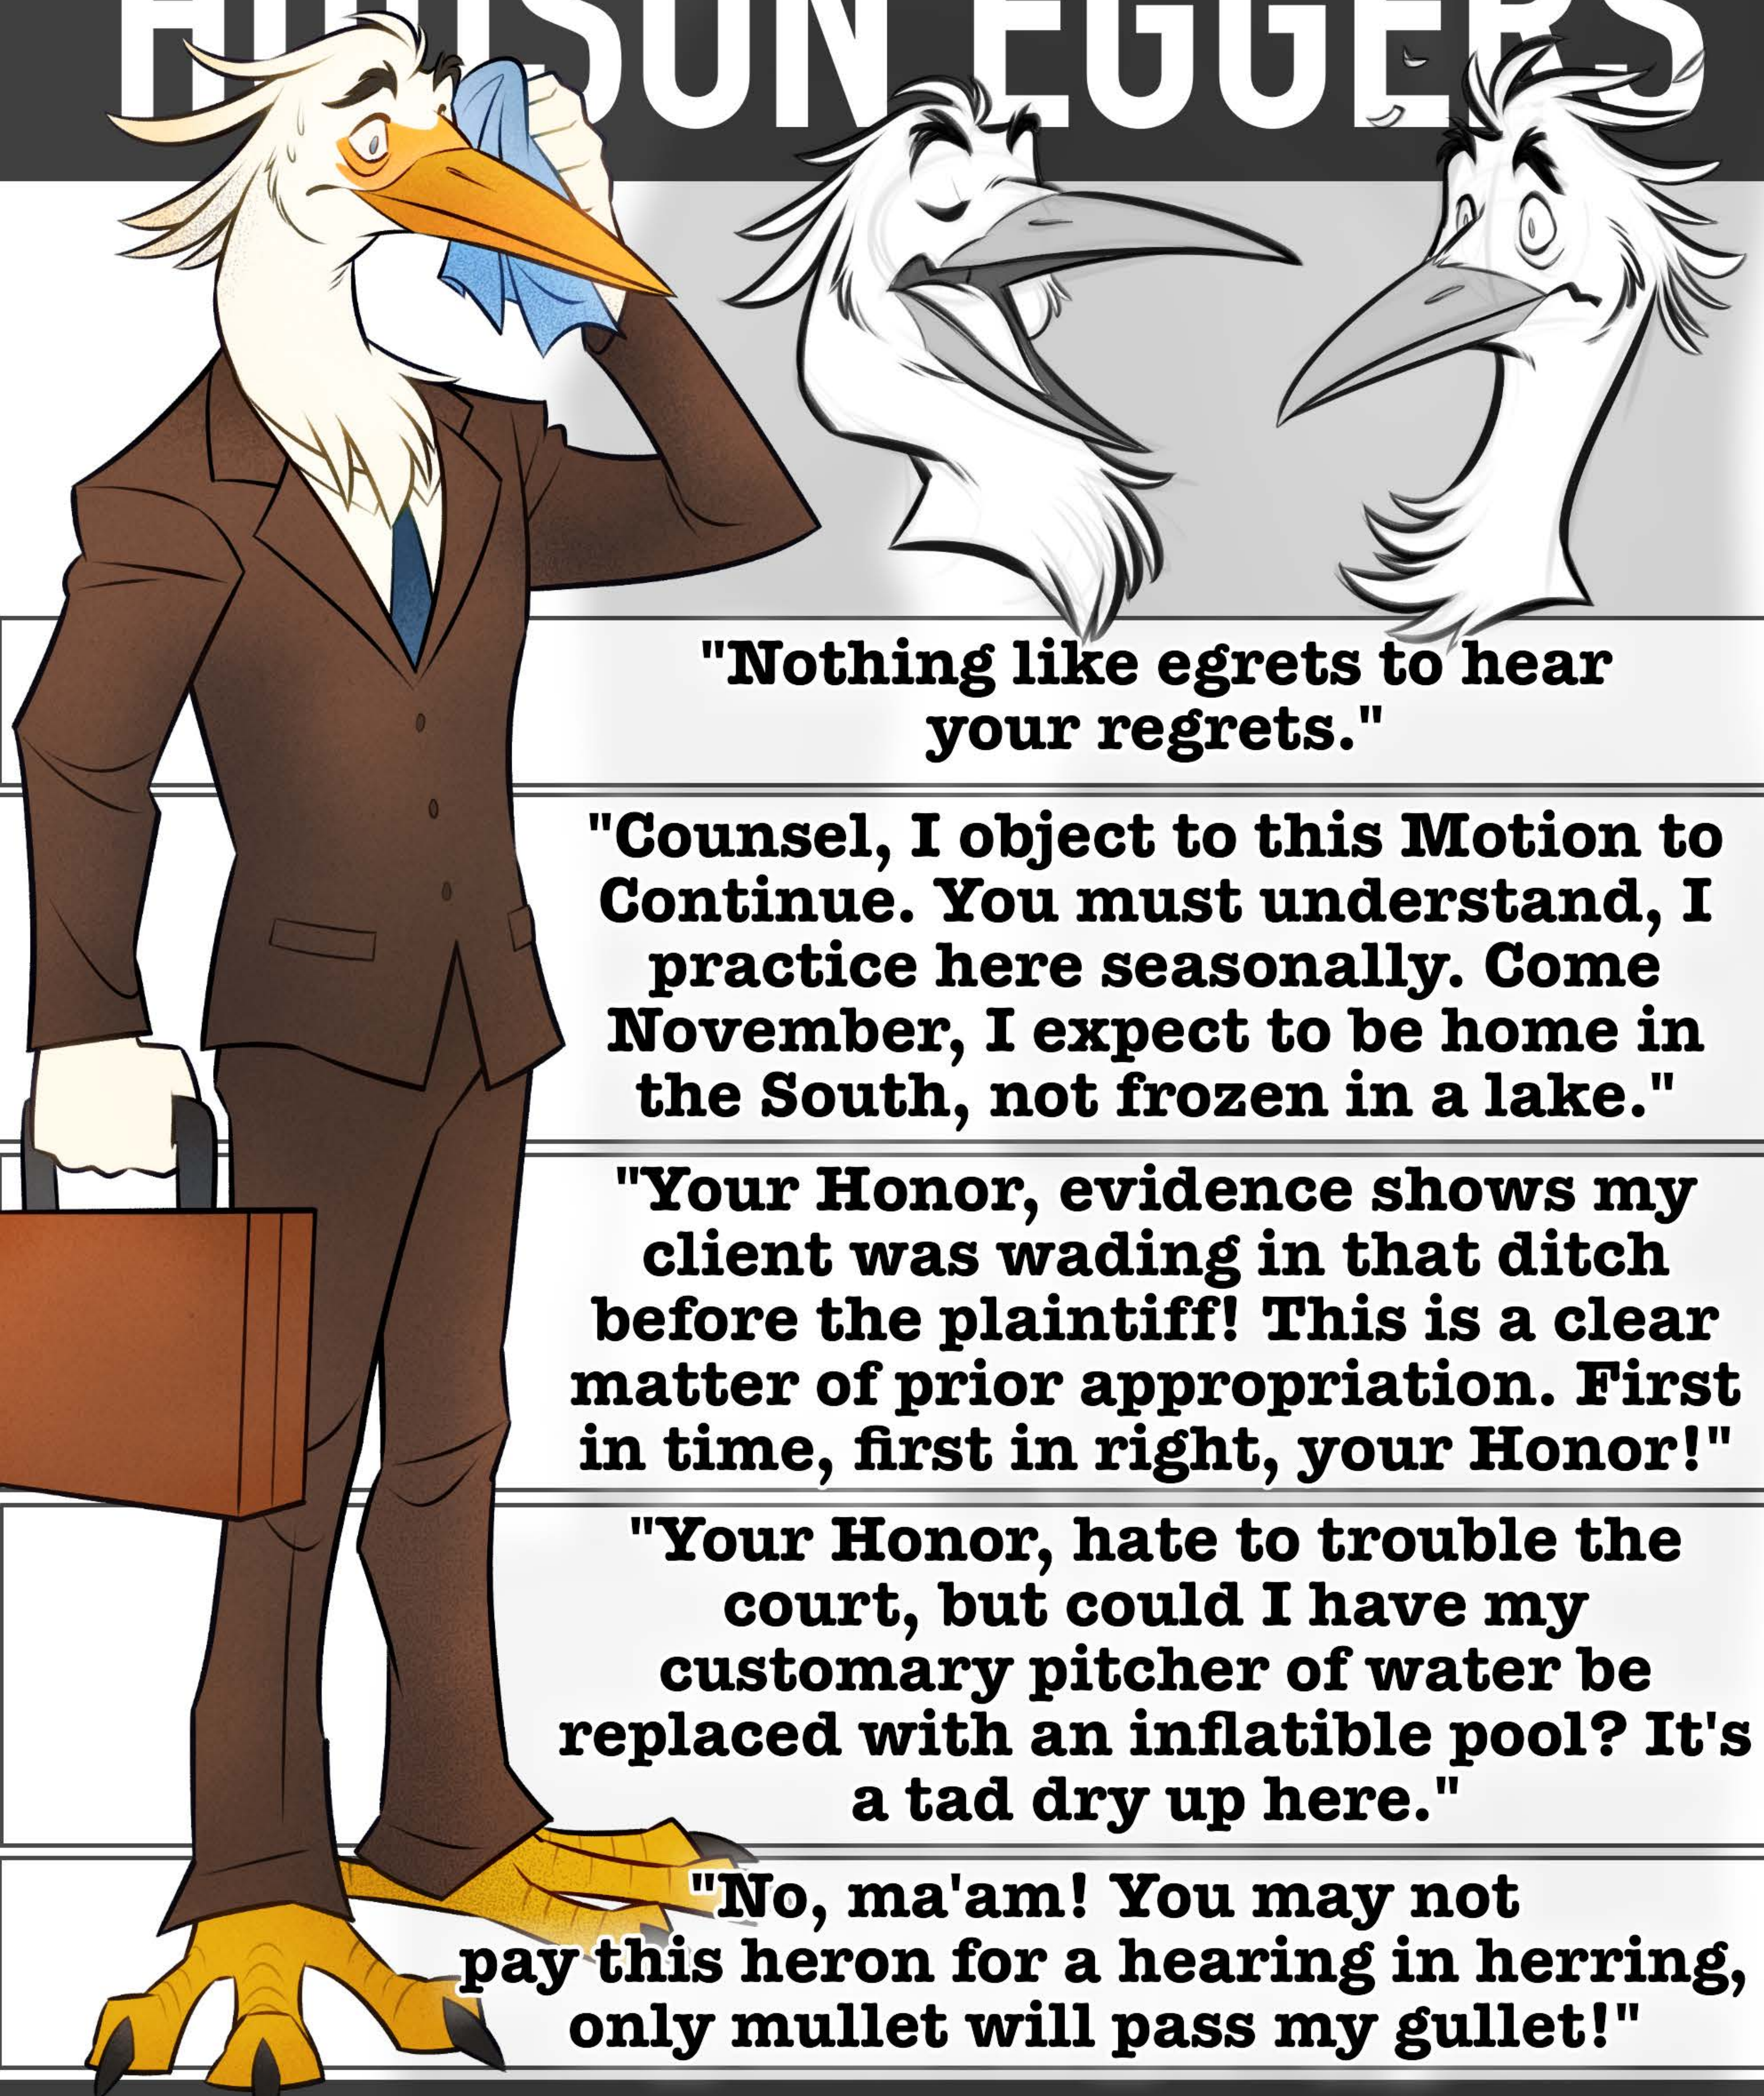

"Ah, per favore, I was looking across Larimer Square and could not help notice your simply magnificent tail."

"Basta! Can you not see? I am busy wooing women! I must not be disturbed when I am busy wooing women!"

"Ah, a vixen in my pavilion, sì? Do not run into the dark, cara mia. Share some Palisade wine... and tell me how the hell you got past the ticket booth."

"What is this? Organic sage? Pueblo green chiles? Heirloom butter? Ah, mi scusi, I don't do farm-to-table! Arrividerci!"

HUDSON EGGER

"Nothing like egrets to hear your regrets."

"Counsel, I object to this Motion to Continue. You must understand, I practice here seasonally. Come November, I expect to be home in the South, not frozen in a lake."

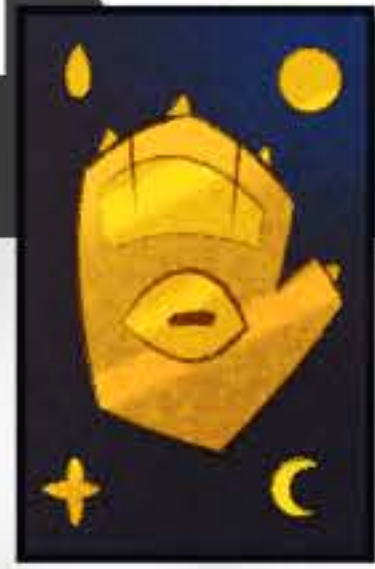

"Your Honor, evidence shows my client was wading in that ditch before the plaintiff! This is a clear matter of prior appropriation. First in time, first in right, your Honor!"

"Your Honor, hate to trouble the court, but could I have my customary pitcher of water be replaced with an inflatable pool? It's a tad dry up here."

"No, ma'am! You may not pay this heron for a hearing in herring, only mullet will pass my gullet!"

MISS CALAMO

"There's no hiding from fate when you're this close to the stars, dear."

"This tent is my nest, seeker. Our nest for the moment. Now tell me what you want these cards to answer."

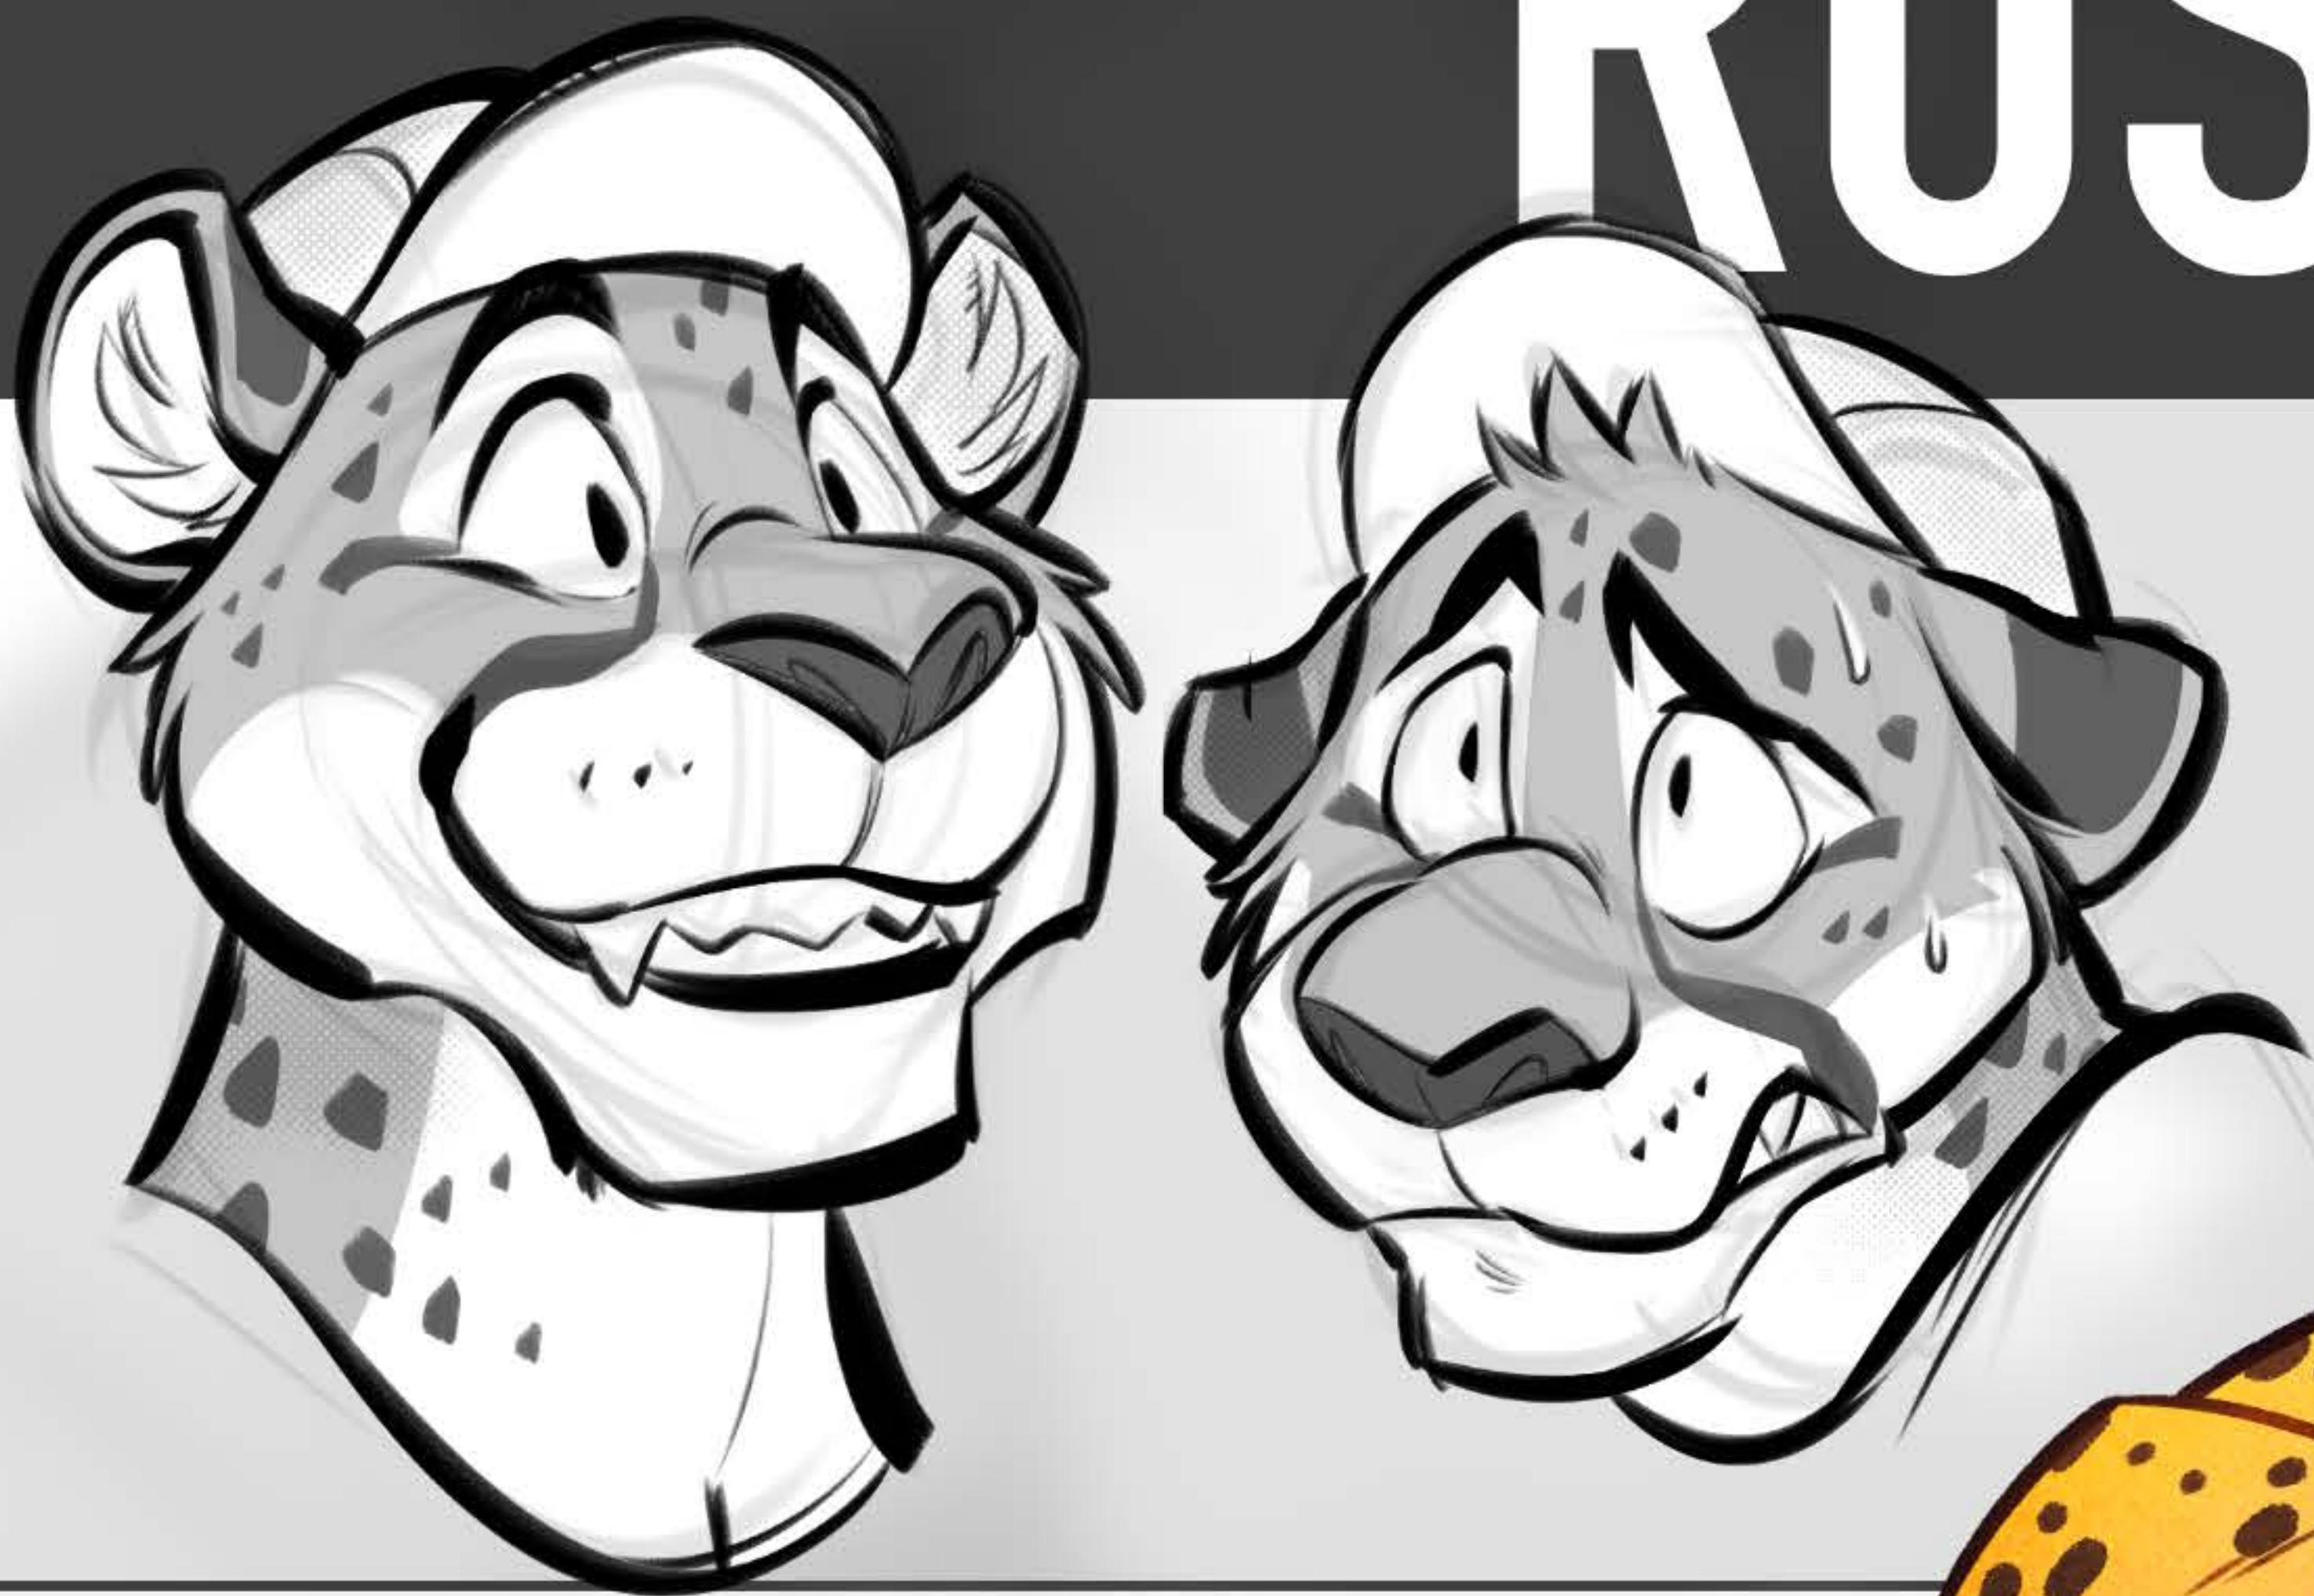

"Never met a lark bunting before? Well, if you've met our men, you'll know their world is black and white. We ladies have a more mottled view."

"Oh, dear. Now that's a card that demands attention. The lightning on the peaks has spoken clearly, friend."

"This air's too thin to hold secrets, traveler. I'm afraid your path is already drawn."

RUSH

"Right away!"

"Four minutes from RiNo to LoDo? Only one furry can sprint that fast through the 16th Street Mall construction, and you're looking at him!"

"Don't worry, I've got plenty of time! I'm on Colfax right now! How far could it be?"

"I'm so sorry about being late! I-25 was a parking lot. Yeah, of course I know about the minimum speed limit!"

"Hey dispatch, just finished the Carnival delivery. That clown said he paid with something other than money. What? No, no, he really was a clown!"

@soga_sai404

"Smash that follow button, chat!"

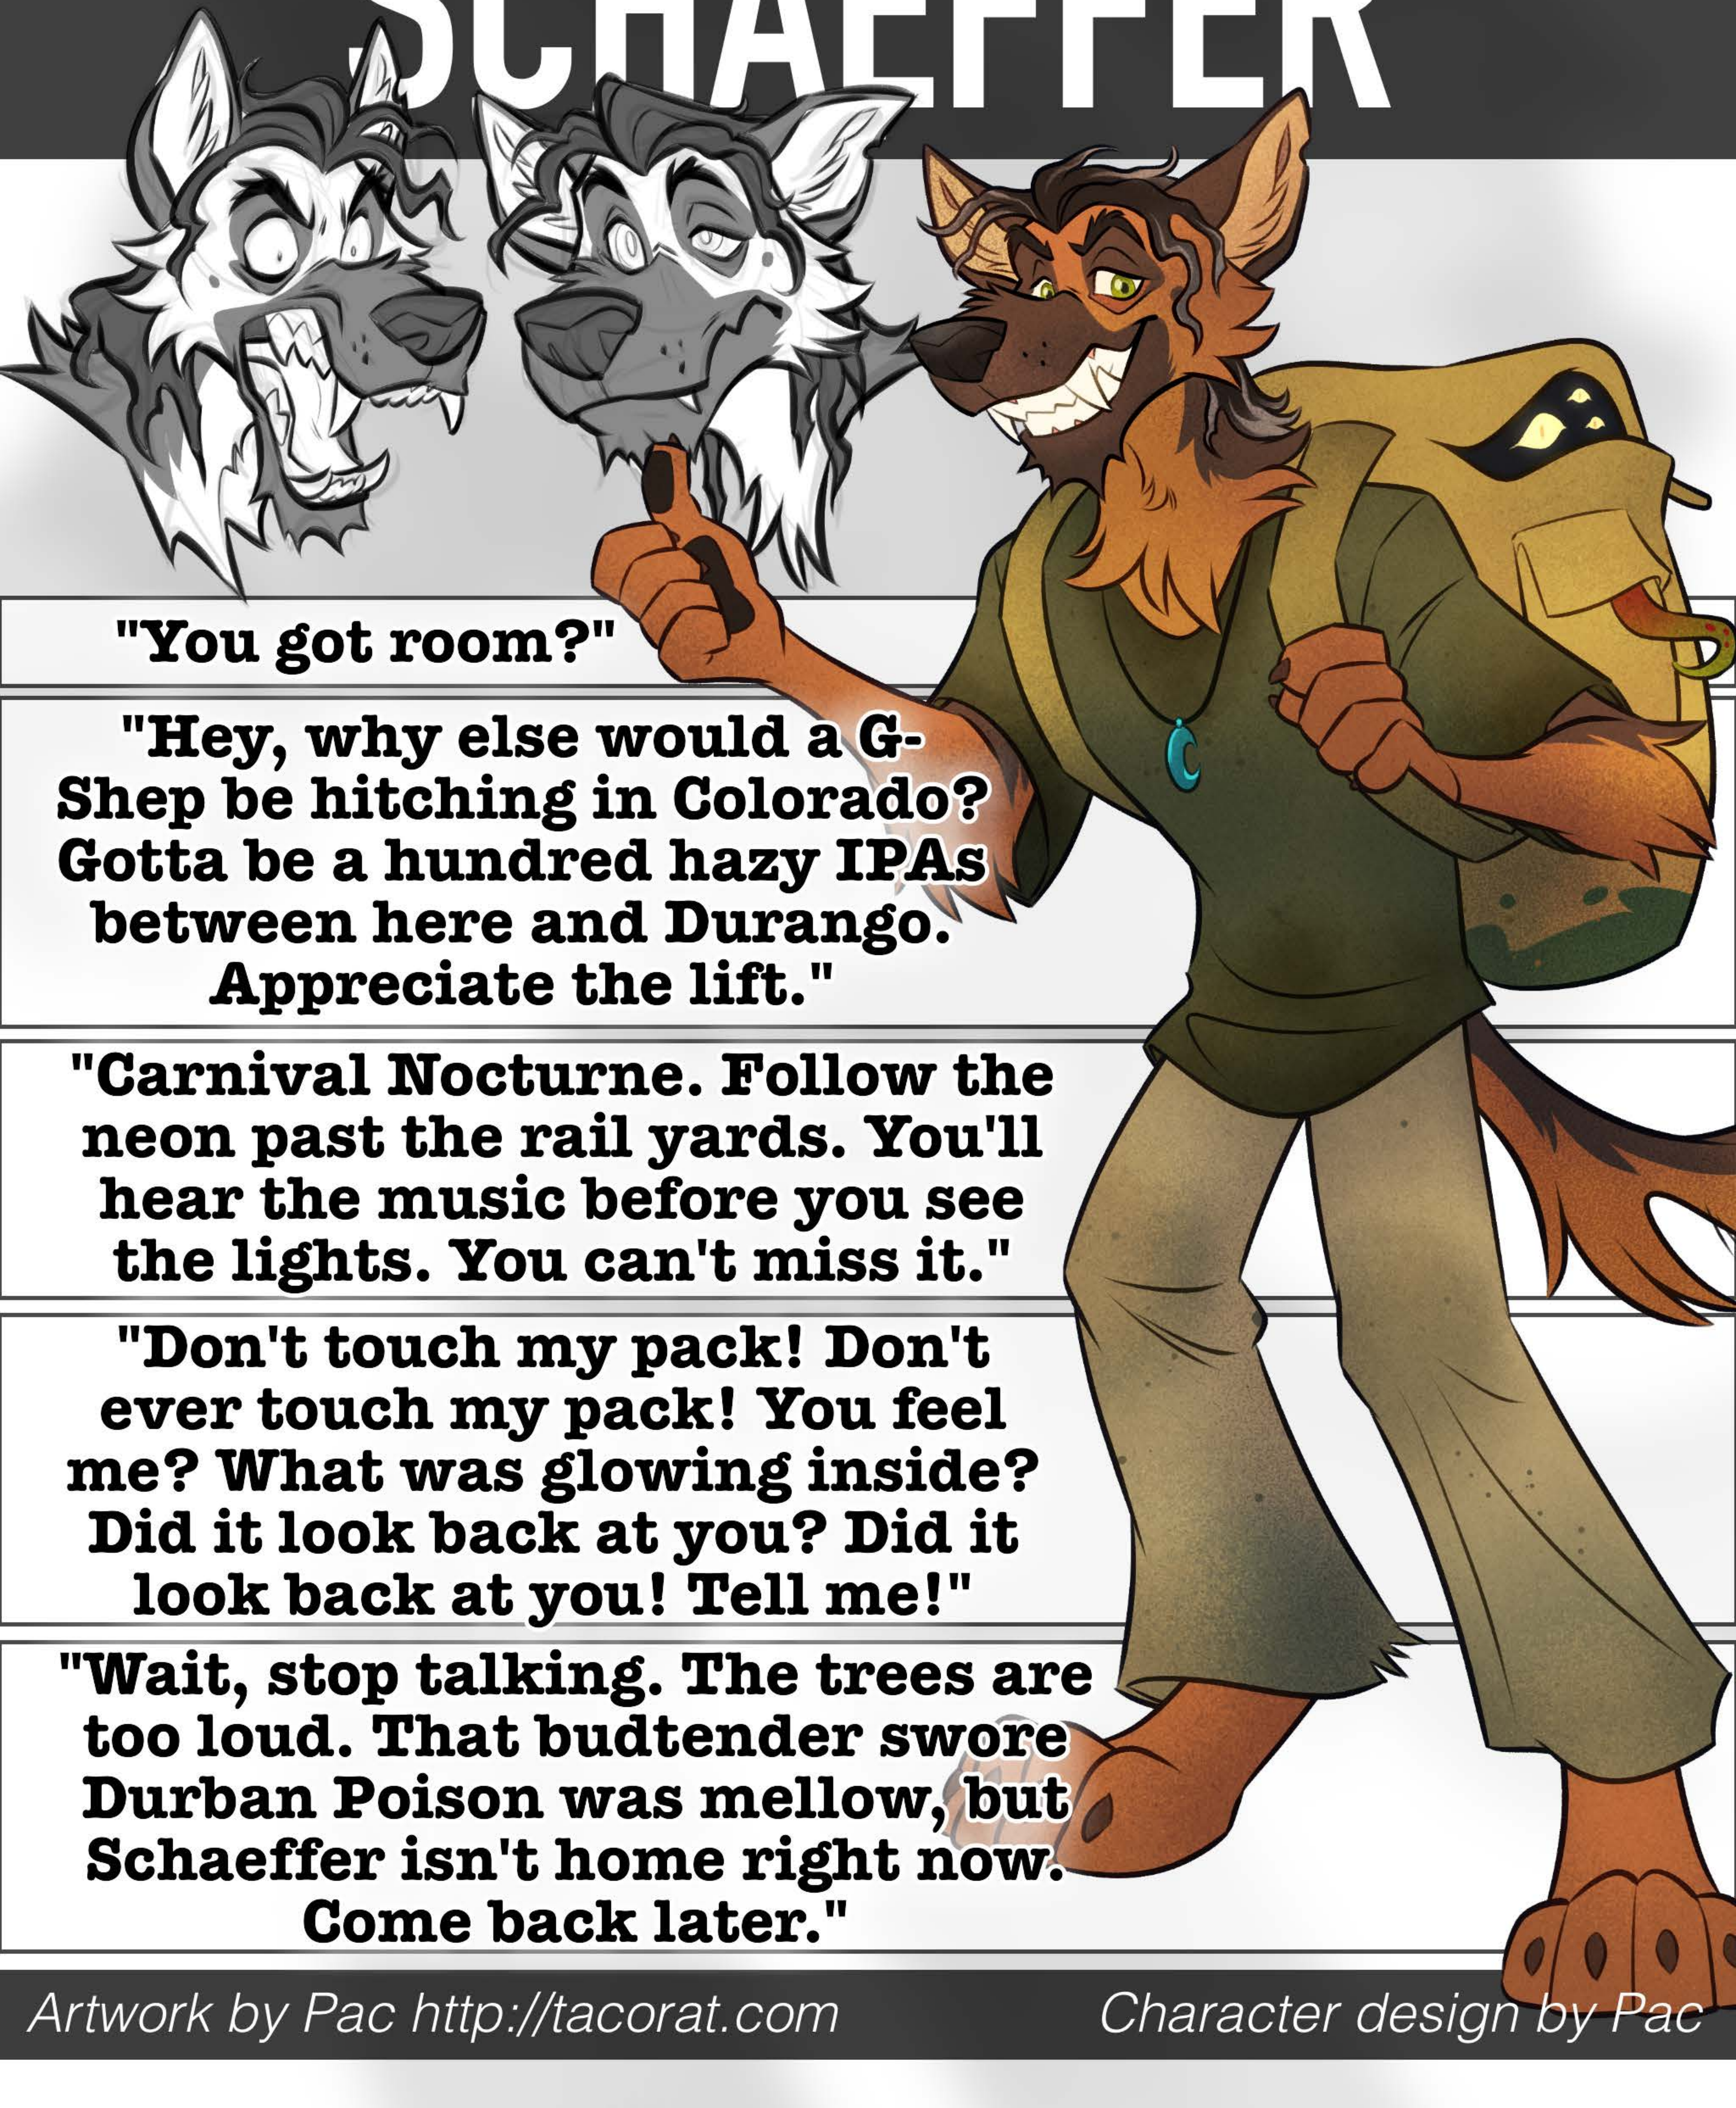

"So @TroutGamer wants me to climb a 14er on stream? Bro, I'm a salamander in zero-humidity air—I'm drying out like a potato chip! Can't we just go to Casa Bonita?"

"Like, chat, why does every single person have a Patagonia fleece and a hydro flask? Someone asked if my tail was 'locally sourced and organic.' What does that mean?"

"Like and subscribe!"

"Rent is due, and streaming a cursed fortune teller at Carnival Nocturne just got me age-restricted. I know! Harsh! Drop some bits in the chat or check the link in my bio!"

SCHAEFFER

"You got room?"

"Hey, why else would a G-Shep be hitching in Colorado? Gotta be a hundred hazy IPAs between here and Durango. Appreciate the lift."

"Carnival Nocturne. Follow the neon past the rail yards. You'll hear the music before you see the lights. You can't miss it."

"Don't touch my pack! Don't ever touch my pack! You feel me? What was glowing inside? Did it look back at you? Did it look back at you! Tell me!"

"Wait, stop talking. The trees are too loud. That budtender swore Durban Poison was mellow, but Schaeffer isn't home right now. Come back later."

THE A MARSON

"Hold that thought."

"You think Jokić wouldn't bail for a EuroLeague sweep just for funsies? Get me that max extension with the horse stipend, Bob, or start learning Serbian!"

"Mountain air is our sixth man, and every free agent is begging for his fourth quarter lungs. So, either you sign my client today, or you can pay double in the playoffs!"

"I don't do second-round draft picks, I don't do deferred bonuses, and I definitely don't do discounts. You want a ring? Pay the 'roo!"

"Wow! Look at the hops on that guy! Never thought I'd find talent in a circus tent. Who's his rep?"

WEEPING BOBBY

"Laugh when you cry, and no one will know the difference."

"Think this is all stupid, do you, kid? Well, a circus isn't a circus if it doesn't have something for everyone. Even for putrid little snails like you."

"Oh, don't worry, dear. I'm not crying because I'm sad. I'm crying because I'm happy. And isn't that funny?"

"They tell me my smile is a mile wide. And when I'm in Denver, it's a mile high, too."

"The ringmaster went to sleep hours ago. The mice run the circus now. At least, it's fun to let them think they do."
